(ONRSR)

Western Sydney Airport Sydney Metro Rail Infrastructure

CLIENT OVERVIEW

Global Infrastructure Leader

WeBuild is a globally recognised engineering and construction company specialising in large-scale transport, energy, and civil infrastructure.

As key delivery partner for the Western Sydney Airport Sydney Metro, WeBuild required expert regulatory support to achieve accreditation within demanding timelines.

Orchard Hills Station Construction Progress

THE CHALLENGE

Delivering Australia's Largest Rail Project, Under Pressure

-  **Achieve Rail Infrastructure Manager (RIM) Accreditation via ONRSR**
-  **Demonstrate compliance with Rail Safety National Law (RSNL)**
-  **Develop robust governance and safety management systems**
-  **Meet tight deadlines with zero margin for delay**
-  **Ensure workforce competency and safety leadership readiness**
-  **Prepare for regulatory audits while maintaining project delivery**

THE SOLUTION

Strategic End-to-End Accreditation Support

RLM provided strategic, hands-on support leveraging extensive rail industry expertise, tailored to ONRSR and RSNL requirements.

1

RIM ACCREDITATION PATHWAY

Mapped and managed the full ONRSR Rail Infrastructure Manager accreditation process.

2

SAFETY MANAGEMENT SYSTEM

Developed and enhanced the Safety Management System aligned to RSNL requirements.

3

AUDIT PREPARATION & READINESS

Prepared WeBuild for ONRSR regulatory audits and accreditation assessments.

4

TRAINING & STAKEHOLDER SUPPORT

Delivered targeted safety leadership training and regulatory stakeholder liaison.

SERVICES PROVIDED

Specialist Rail Safety & Compliance Services

- **ONRSR Rail Infrastructure Manager (RIM) Accreditation Support**

- **Rail Safety Management System Development & Implementation**

- **Rail Safety National Law (RSNL) Compliance Advisory**

- **Documentation Development & Gap Analysis**

- **Governance, Risk & Assurance Frameworks**

- **Systems Assurance & Regulatory Compliance**

- **Integrated Management System Alignment**

- **Training & Competency Development**

- **Audit Preparation & Readiness**

- **Stakeholder & Regulatory Liaison**

THE RESULTS

Landmark Outcomes Delivered

Achieved Rail Infrastructure Manager Accreditation through ONRSR

Demonstrated full compliance with the Rail Safety National Law

Supported securing of a \$3.5 billion rail infrastructure contract

Enhanced organisational governance and safety leadership

Improved audit readiness and regulatory confidence

Enabled compliant and efficient project delivery

Strengthened WeBuild's reputation as a Tier 1 infrastructure provider

CLIENTS **GOOGLE REVIEWS**

"For the Western Sydney Airport Sydney Metro Line, we needed ONRSR accreditation under an extremely tight deadline—a challenge most consultants couldn't meet. RLM got it done, fast and flawlessly, and even upskilled our team in safety leadership. Their expertise kept Australia's largest rail project on track. If you need results under pressure, RLM is the team to call."
